

Copenhagen Oct – 2014

My name Janne Lundell and I am the Airport Affairs & Airside Operations Manager for the Nordic & Baltic area.

DHL / EAT have been using BGS already since the start of the company and we have at all times been very pleased with the performance and willingness of the company.

And now when they have invested in a newer Maindeck loader we are even more pleased.

BGS have a Can Do attitude that fit very well with the philosophy of DHL Express and I believe that is one of the key factors for our good cooperation.

Sincerely

Janne Lundell
